I am one small drop and oh, how vast the waters look from

6

here. As far as I can see, no-thing is in motion, but I have

heard that even one small drop can cause a ripple send its tiny wake out into the

15

o-cyan. So I'll be one small drop and how I'll hope its tiny ripple joins a

21

million more from drops like mine to

23

cause enough commotion to move the massive ocean.
